This year we have another amazing line up of presenters to share with us.

We have presentations from the Resource Enforcement Division, CNIB, Western Health and more.

This year we will be having a blended conference where those who wish can attend in person (following public health regulations of course) can. Social distancing and masks are required.

We will also be having a virtual component where participants can view the conference online and they can still wear their masks if they wish. Some presenters may be making virtual presentations as well.

If public health requires the entire conference can be switched to a complete virtual offering.

Come on out and enjoy the day and let's start getting back to our new normal.

In Addition

- Awarding the 2019 and 2020 FSANL Safety Champion Awards!!!
